Stock Numbers:

- AQUB03BB – Blue
- AQUB03GG – Green
- AQUB03NN – Orange
- AQUB03PP – Purple

Sail for pleasure — leave work behind

It's the ultimate R/C pleasure cruise! Not only does the Paradise come with a radio system already installed, but even the rigging has been done for you. Factory-finished, the model requires no sanding or painting... and because it's powered by the breeze, you'll need nothing more than a few ordinary "AA" batteries to get your voyage underway.

- Requires only a few minutes of easy assembly.
- The mast and booms are made from light, strong extruded aluminum tubing. Rigging lines are numbered for easy identification and equipped with quick clips for easy attachment.
- All onboard gear is installed at the factory and easily accessible through the deck hatch.
- The control arm and rudder pushrods are in their own compartment. Turn the replica steering wheel opens a hatch, providing easy access to both.
- The low-drag keel arrives with the ballast already in place.
- The uniquely styled stand assembled in minutes for use as a convenient work surface or display stand.
- A deep-water rudder provides swift response and strong turns.

The Paradise RTR includes:

- Factory-finished fiberglass hull with removable keel, aluminum mast and booms and factory-installed ballast and radio gear
- Tactic TTX410 4-channel 2.4GHz radio with TR325 receiver and SX-100 servos
- Durable, pre-rigged ripstop nylon sails with printed color graphics
- Display/work stand
