

# AD46 Rokat Odourless 20g

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830  
Date of issue: 3/2/2020 Revision date: 8/5/2021 Supersedes version of: 8/2/2020 Version: 3

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

|                 |                       |
|-----------------|-----------------------|
| Product form    | : Mixture             |
| Product name    | : Rokat Odourless     |
| UFI             | : US30-G030-0008-KSEW |
| Type of product | : adhesive            |
| Product group   | : AD46 Adhesive       |

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

##### 1.2.1. Relevant identified uses

|                              |                                  |
|------------------------------|----------------------------------|
| Intended for general public  |                                  |
| Main use category            | : Professional use, Consumer use |
| Use of the substance/mixture | : Adhesive                       |
| Function or use category     | : Modelling Adhesive             |

##### 1.2.2. Uses advised against

No additional information available

#### 1.3. Details of the supplier of the safety data sheet

##### Manufacturer

Deluxe Materials Ltd  
Unit 13, Cufaude Business Park  
Cufaude Lane, Bramley Hampshire  
RG26 5DL England  
Tel: +44 (0)1256 883944  
Email: [john@deluxematerials.com](mailto:john@deluxematerials.com)

#### 1.4. Emergency telephone number

|                  |                                                   |
|------------------|---------------------------------------------------|
| Emergency number | : +44 (0)1256 883944<br>Office hours 0900-1700hrs |
|------------------|---------------------------------------------------|

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

##### Classification according to Regulation (EC) No. 1272/2008 [CLP]

Not classified

##### Adverse physicochemical, human health and environmental effects

To our knowledge, this product does not present any particular risk, provided it is handled in accordance with good occupational hygiene and safety practice.

#### 2.2. Label elements

##### Labelling according to Regulation (EC) No. 1272/2008 [CLP]

|                                |                                                                                                      |
|--------------------------------|------------------------------------------------------------------------------------------------------|
| Precautionary statements (CLP) | : P102 - Keep out of reach of children.                                                              |
| EUH-statements                 | : EUH202 - Cyanoacrylate. Danger. Bonds skin and eyes in seconds. Keep out of the reach of children. |

#### 2.3. Other hazards

|                                                     |                                 |
|-----------------------------------------------------|---------------------------------|
| Other hazards which do not result in classification | : None under normal conditions. |
| vPvB: not relevant – no registration required       |                                 |

# AD46 Rokat Odourless 20g

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830  
Date of issue: 3/2/2020 Revision date: 8/5/2021 Supersedes version of: 8/2/2020 Version: 3

### SECTION 3: Composition/information on ingredients

#### 3.1. Substances

Not applicable

#### 3.2. Mixtures

| Name                       | Product identifier                                                        | %       | Classification according to Regulation (EC) No. 1272/2008 [CLP] |
|----------------------------|---------------------------------------------------------------------------|---------|-----------------------------------------------------------------|
| METHOXYETHYL CYANOACRYLATE | (CAS-No.) 27816-23-5<br>(EC-No.) 248-670-5<br>(REACH-no) 01-2120070891-53 | 90 – 95 | Not classified                                                  |

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

|                                       |                                                                                                                                                                                       |
|---------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| First-aid measures after inhalation   | : Remove person to fresh air and keep comfortable for breathing.                                                                                                                      |
| First-aid measures after skin contact | : Wash skin with plenty of water. Exothermic reaction with water. After contact with skin, take off immediately all contaminated clothing, and wash immediately with plenty of water. |
| First-aid measures after eye contact  | : Rinse eyes with water as a precaution.                                                                                                                                              |
| First-aid measures after ingestion    | : Call a poison center or a doctor if you feel unwell.                                                                                                                                |

#### 4.2. Most important symptoms and effects, both acute and delayed

|                                     |                                                                                            |
|-------------------------------------|--------------------------------------------------------------------------------------------|
| Symptoms/effects                    | : Not expected to present a significant hazard under anticipated conditions of normal use. |
| Symptoms/effects after inhalation   | : None under normal use.                                                                   |
| Symptoms/effects after skin contact | : None under normal conditions.                                                            |
| Symptoms/effects after eye contact  | : None under normal conditions.                                                            |
| Symptoms/effects after ingestion    | : None under normal conditions.                                                            |

#### 4.3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

### SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

|                              |                                                  |
|------------------------------|--------------------------------------------------|
| Suitable extinguishing media | : Water spray. Dry powder. Foam. Carbon dioxide. |
|------------------------------|--------------------------------------------------|

#### 5.2. Special hazards arising from the substance or mixture

|                                                  |                                |
|--------------------------------------------------|--------------------------------|
| Hazardous decomposition products in case of fire | : Toxic fumes may be released. |
|--------------------------------------------------|--------------------------------|

#### 5.3. Advice for firefighters

|                                |                                                                                                                                          |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Protection during firefighting | : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

|                  |                                                                                       |
|------------------|---------------------------------------------------------------------------------------|
| General measures | : Clean up any spills as soon as possible, using an absorbent material to collect it. |
|------------------|---------------------------------------------------------------------------------------|

##### 6.1.1. For non-emergency personnel

|                      |                                                   |
|----------------------|---------------------------------------------------|
| Protective equipment | : Wear recommended personal protective equipment. |
| Emergency procedures | : Ventilate spillage area.                        |

# AD46 Rokat Odourless 20g

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830  
Date of issue: 3/2/2020 Revision date: 8/5/2021 Supersedes version of: 8/2/2020 Version: 3

### 6.1.2. For emergency responders

Protective equipment : Do not attempt to take action without suitable protective equipment.  
Emergency procedures : Evacuate unnecessary personnel.

### 6.2. Environmental precautions

Avoid release to the environment.

### 6.3. Methods and material for containment and cleaning up

For containment : Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams.  
Methods for cleaning up : Take up liquid spill into absorbent material.  
Other information : Dispose of materials or solid residues at an authorized site.

### 6.4. Reference to other sections

For further information refer to section 13. For further information refer to section 8: "Exposure controls/personal protection".

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Additional hazards when processed : Do not allow contact with water.  
Precautions for safe handling : Ensure good ventilation of the work station. Wear personal protective equipment.  
Hygiene measures : Do not eat, drink or smoke when using this product. Always wash hands after handling the product.

### 7.2. Conditions for safe storage, including any incompatibilities

Technical measures : Store in tightly closed, leak-proof containers.  
Storage conditions : Store in a well-ventilated place. Keep cool.  
Incompatible products : Strong bases.  
Incompatible materials : Water.

### 7.3. Specific end use(s)

adhesives.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

#### 8.1.1 National occupational exposure and biological limit values

| AD46 Rokat Odourless                    |                                                                                                                                                                     |

| Notes (IE)                             | Sens. (In the workplace respiratory or dermal exposures to sensitising agents may occur. Sensitizers may evoke respiratory or dermal reactions, e.g. asthma, rhinitis and allergic contact dermatitis. The notation does not distinguish between respiratory or dermal sensitisation. Chemical agents that are sensitizers present special problems in the workplace. Should an employee become sensitised, subsequent exposure may cause intense responses, even at low exposure concentrations well below the OELV. Exposure should be eliminated or significantly reduced through control measures such as engineering and process controls and use of personal protective equipment (PPE)) |

# AD46 Roket Odourless 20g

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830  
Date of issue: 3/2/2020 Revision date: 8/5/2021 Supersedes version of: 8/2/2020 Version: 3

| Anmärkning (SE) | S (Ämnet är sensibiliserande. Sensibiliserande ämnen kan ge allergi eller annan överkänslighet. Överkänslighetsbesvären drabbar främst huden eller andningsorganen. Överkänslighet innebär att man reagerar vid kontakt med ämnen som normalt inte ger besvär. Allergi är en undergrupp av överkänslighet som orsakas av reaktioner i kroppens immunsystem. Särskilt låga gränsvärden har fastställts för ämnen med mer uttalat luftvägssensibiliserande egenskaper. Några ämnen med starkt sensibiliserande egenskaper får endast hanteras efter tillstånd från Arbetsmiljöverket, se föreskrifterna om kemiska arbetsmiljörisker. Dessa ämnen har inga gränsvärden men i vissa fall riktvärden); V (Väglädd korttidsgränsvärde ska användas som ett rekommenderat högsta värde som inte bör överskridas); 10 (p-Bensokinon, kinon, kan genom reduktion övergå till hydrokinon. Hydrokinon kan lätt återbildas till p-bensokinon genom luftoxidation) |

### 8.1.2. Recommended monitoring procedures

No additional information available

### 8.1.3. Air contaminants formed

No additional information available

### 8.1.4. DNEL and PNEC

No additional information available

### 8.1.5. Control banding

No additional information available

## 8.2. Exposure controls

### 8.2.1. Appropriate engineering controls

No additional information available

### 8.2.2. Personal protection equipment

#### Personal protective equipment:

Gloves.

#### Personal protective equipment symbol(s):

### 8.2.2.1. Eye and face protection

#### Eye protection:

Safety glasses

### 8.2.2.2. Skin protection

#### Hand protection:

Wear chemically resistant gloves (tested to EN374) in combination with 'basic' employee training

### 8.2.2.3. Respiratory protection

No additional information available

### 8.2.2.4. Thermal hazards

No additional information available

### 8.2.3. Environmental exposure controls

#### Environmental exposure controls:

Avoid release to the environment.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

|                                            |                                          |
|--------------------------------------------|------------------------------------------|
| Physical state                             | : Liquid                                 |
| Appearance                                 | : Clear, colorless liquid.               |
| Colour                                     | : Colourless. Pale yellow.               |
| Odour                                      | : odourless. Barely perceptible odour.   |
| Odour threshold                            | : No data available<br>No data available |
| pH                                         | : Not applicable                         |
| Relative evaporation rate (butylacetate=1) | : No data available                      |
| Relative evaporation rate (ether=1)        | : No data available                      |
| Melting point                              | : Not applicable                         |
| Freezing point                             | : No data available                      |

| Flash point                                | : $\geq 80$ °C                           |
| Critical temperature                       | : No data available                      |
| Auto-ignition temperature                  | : No data available                      |
| Decomposition temperature                  | : No data available                      |
| Flammability (solid, gas)                  | : Not applicable.<br>Not applicable      |
| Vapour pressure                            | : No data available                      |

# AD46 Rokat Odourless 20g

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830  
Date of issue: 3/2/2020 Revision date: 8/5/2021 Supersedes version of: 8/2/2020 Version: 3

|                                                 |                                           |
|-------------------------------------------------|-------------------------------------------|
| Vapour pressure at 50 °C                        | : No data available                       |
| Critical pressure                               | : No data available                       |
| Relative vapour density at 20 °C                | : No data available                       |
| Relative density                                | : ≈ 1                                     |
| Relative density of saturated gas/air mixture   | : No data available                       |
| Density                                         | : ≈ 1 g/cm <sup>3</sup> No data available |
| Relative gas density                            | : No data available                       |
| Solubility                                      | : No data available.                      |
| Partition coefficient n-octanol/water (Log Pow) | : No data available                       |
| Viscosity, kinematic                            | : ≈ 100 mm <sup>2</sup> /s                |
| Viscosity, dynamic                              | : ≈ 100 mPa·s                             |
| Explosive properties                            | : No data available.                      |
| Oxidising properties                            | : No data available.                      |
| Explosive limits                                | : No data available                       |

### 9.2. Other information

No additional information available

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

### 10.2. Chemical stability

Stable under normal conditions.

### 10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

### 10.4. Conditions to avoid

None under recommended storage and handling conditions (see section 7).

### 10.5. Incompatible materials

No additional information available

### 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## SECTION 11: Toxicological information

### 11.1 Information on toxicological effects

|                                   |                                        |
|-----------------------------------|----------------------------------------|
| Acute toxicity (oral)             | : Not classified                       |
| Acute toxicity (dermal)           | : Not classified                       |
| Acute toxicity (inhalation)       | : Not classified                       |
| Skin corrosion/irritation         | : Not classified<br>pH: Not applicable |
| Serious eye damage/irritation     | : Not classified<br>pH: Not applicable |
| Respiratory or skin sensitisation | : Not classified                       |
| Germ cell mutagenicity            | : Not classified                       |
| Carcinogenicity                   | : Not classified                       |
| Reproductive toxicity             | : Not classified                       |
| STOT-single exposure              | : Not classified                       |

# AD46 Rokat Odourless 20g

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830  
Date of issue: 3/2/2020 Revision date: 8/5/2021 Supersedes version of: 8/2/2020 Version: 3

STOT-repeated exposure : Not classified

Aspiration hazard : Not classified

### AD46 Rokat Odourless

Viscosity, kinematic  $\approx 100 \text{ mm}^2/\text{s}$

## SECTION 12: Ecological information

### 12.1. Toxicity

Ecology - general : The product is not considered harmful to aquatic organisms nor to cause long-term adverse effects in the environment.  
Hazardous to the aquatic environment, short-term (acute) : Not classified  
Hazardous to the aquatic environment, long-term (chronic) : Not classified  
Not rapidly degradable

### 12.2. Persistence and degradability

No additional information available

### 12.3. Bioaccumulative potential

No additional information available

### 12.4. Mobility in soil

No additional information available

### 12.5. Results of PBT and vPvB assessment

### AD85 Rokat Odourless

vPvB: not relevant – no registration required

### 12.6. Other adverse effects

No additional information available

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Regional legislation (waste) : Disposal must be done according to official regulations.  
Waste treatment methods : Dispose of contents/container in accordance with licensed collector's sorting instructions.  
European List of Waste (LoW) code : 08 04 09\* - waste adhesives and sealants containing organic solvents or other dangerous substances

## SECTION 14: Transport information

In accordance with ADR / IMDG / IATA / ADN / RID

### 14.7. Transport in bulk according to Annex II of Marpol and the IBC Code

Not applicable

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

# AD46 Rokat Odourless 20g

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830  
Date of issue: 3/2/2020 Revision date: 8/5/2021 Supersedes version of: 8/2/2020 Version: 3

### 15.1.1. EU-Regulations

Contains no REACH substances with Annex XVII restrictions

Contains no substance on the REACH candidate list

Contains no REACH Annex XIV substances

Contains no substance subject to REGULATION (EU) No 649/2012 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 4 July 2012 concerning the export and import of hazardous chemicals.

Contains no substance subject to Regulation (EU) No 2019/1021 of the European Parliament and of the Council of 20 June 2019 on persistent organic pollutants

### 15.1.2. National regulations

#### Germany

Water hazard class (WGK)

: WGK 2, Significantly hazardous to water (Classification according to AwSV, Annex 1)

Hazardous Incident Ordinance (12. BImSchV)

: Is not subject of the Hazardous Incident Ordinance (12. BImSchV)

#### Netherlands

SZW-lijst van kankerverwekkende stoffen

: None of the components are listed

SZW-lijst van mutagene stoffen

: None of the components are listed

NIET-limitatieve lijst van voor de voortplanting

: None of the components are listed

giftige stoffen – Borstvoeding

giftige stoffen – vruchtbaarheid

NIET-limitatieve lijst van voor de voortplanting

: None of the components are listed

giftige stoffen – Ontwikkeling

#### Denmark

Danish National Regulations

: Young people below the age of 18 years are not allowed to use the product

the product

### 15.2. Chemical safety assessment

No chemical safety assessment has been carried out

#### Full text of H- and EUH-statements:

EUH202

Cyanoacrylate. Danger. Bonds skin and eyes in seconds. Keep out of the reach of children.

Safety Data Sheet (SDS), EU

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.
